P-T-A Next Meeting December 8th.

Mrs. F. J. Nelson, president of the Central School P-T-A is reminding you that the December meeting, Tuesday, December 8, is a night meeting and will be held in the music room at 8 p. m. Mrs. Warwick Aiken will be the speaker and it is hoped that each member will make a special effort to be present and bring some one with them.

The P-T-A has made special effort to offer a good program each month and in keeping with the times and need for knowledge of how to meet any emergency which may arise.

The general theme for the year is "Care of Youth and Children in Wartime" and Mrs. Aiken will discuss it with "Thorough Religious Training."

TULSA TO TRAIN HERE

Bay St. Louis has made a name for itself as training quarters for Sugar Bowl Football teams. With the exception of two years since the inauguration of the Sugar Bowl we have had the pleasure of entertaining one of the teams playing in the Sugar Bowl and this year is no exception. The Golden Hurricanes from Tulsa University, Tulsa, Oklahoma, will train here.

We also have an enviable record of having entertained winning teams on each occasion with the exception of Carnegie Tech, and their game was lost by only one point. This is quite a record, and proves to the sport world that Bay St. Louis, has the accommodations and is an excellent training center.

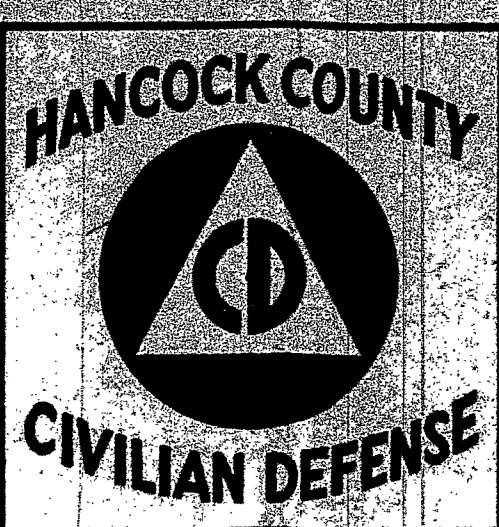

We are particularly fortunate in having in our city, St. Stanislaus, whose President Brother Peter is Traveling Ambassador for Bay St. Louis and who is ever ready to lend the facilities of the college for training quarters, and who exerts every effort to make the stay of our visitors pleasant and enjoyable. It is his job annually to head the entertainment committee and that the job is well done is attested to when visitors of other years recommended to our new guests that Bay St. Louis is the best spot for their training.

In entertaining the Sugar Bowl football teams, we receive advertisement throughout the country that money could not purchase.

We are indeed very happy that Tulsa accepted our invitation to train here. We can truthfully say to them that they could have made no better selection. We will do all in our power to make their stay with us a pleasant one. It may be that due to war conditions, we will not be able to give them some of the features of the other years, but we feel certain they will feel satisfied, and will have no cause to regret having come here.

We understand they have a wonderful team, and may our record for entertaining a winning team remain unbroken.

Tulsa will arrive here on December 20th, and will be quartered at the Reed Hotel.

The Advisory Board held its regular meeting Monday afternoon of this week with Mr. A. E. Cox, new director presiding. Mr. C. C. Stone, County Agent explained the neighborhood and community plan being worked out for Hancock County using a map to show how the County has been divided. Miss Eleanor Smith, Home Extension Agent made an interesting talk, the general set up of her program in the county. Mrs. C. C. McDonald made a report on the progress of the Nursery School up to this time.

"Hancock County Women at War" under the direction of Mrs. Edward Anderson did themselves proud last week in the observance of Women at War Week. The total amount of Bonds and Stamps sold was \$9,739.80. The different committees in charge wish to thank through this medium everyone who helped to make this a success. Especially the Cadets of the Merchant Marine and boys from the Bombing Range for the part they played in the parade.

The defense office is kept busy these days assisting with the filling out of questionnaires and gas ration applications.

ST. STANISLAUS BAND TO GIVE CONCERT, DEC. 7

In order to arouse further the patriotism of the local citizens and thereby to stimulate the additional sales of War Stamps and Bonds the St. Stanislaus Band, under the capable direction of Brother Romuald, has fittingly chosen the anniversary of the disaster at Pearl Harbor as an occasion on which to inaugurate the series of planned concerts to be given throughout the current scholastic year. The members of the Band feel that this is their way of doing their part in our all-out national victory program. Through the medium of these public performances and demonstrations of loyalty they hope to encourage the people to respond wholeheartedly by way of a renewal of their determination to aid our beloved country in achieving ultimate victory by investing their money in Uncle Sam.

The concert will be held in the St. Joseph Auditorium, Monday evening, beginning at eight o'clock. There will be no admission charged for the concert.

According to all reports the St. Stanislaus Band of this year is one of the finest in the history of the school and numbers in the neighborhood of fifty musicians.

The musical program includes a variety of popular and classical selections carefully chosen for the enjoyment of the entire public both young and old.

A feature attraction of the evening will be a pageant in conjunction with the playing of the national anthems of the Pan-American Republics. This musical treat is being sponsored by Mrs. Louis B. Pate, concert pianist of great renown. Several young ladies from the St. Joseph Convent will participate in this demonstration of "good will" towards our sister republics in the Western Hemisphere.

AMERICAN RED CROSS SERVICE

Local Chapter Through National Headquarters Able To Render Service To Those in Enemy Prisons

It may be of interest to the families of our boys who are on foreign soil to know that the local chapter of the American Red Cross can and does render service to those who are in the enemy's prisons.

The Red Cross regards this as one of its primary obligations and has released from the Washington office the following: "The convention of Geneva of 1929 regarding the treatment of prisoners of war.

Among other stipulations for the protection and comfort of prisoners, provides for the sending by post of supplemental food and clothing parcels and other supplies for the welfare of prisoners, and for the execution of receipts by recipients of such relief, so that the senders may be assured that the parcels are actually received by the person for whom they are intended. This Article, while specifying the dispatch of parcels by post recognizes the need for supplementary assistance and places a responsibility upon the Detaining Power to keep open channels by which such supplementary assistance may be received."

The American Red Cross has been active in the extension of relief to prisoners of the United Nations in Europe and more than half a million food parcels and large quantities of clothing and other relief supplies have been forwarded through the international Red Cross Committee for distribution in European prison camps during the past two years.

"Relief to United Nations war prisoners is being continued. In addition to assistance from American Red Cross funds, agencies interested in the relief of prisoners of particular nationalities are assisted by the American Red Cross and the International Red Cross Committee in effecting such assistance. American internees both from the United States and the few from Central and South American Countries when reported to the International Red Cross Committee have received regular delivery of American Red Cross food parcels and other assistance at the expense of the American Red Cross.

With the local chapter as busy as the National with aid for our boys and during the work of seeing to extended furloughs and other need it must help the families who have given their boys to the cause of Freedom for our country.

The American Red Cross apparently is having quite a bit of trouble securing volunteer workers for the making of surgical dressings. This is true not only in Hancock County, but in other counties throughout the state.

We were observing articles in newspapers from other counties pleading with the women to lend a hand in the making of these surgical dressings. In Hancock County the September quota has not been filled. The October quota is on hand, and the November quota is on the way.

We understand that an appeal was made by the Chairman of the Hancock County Red Cross Chapter, and that the following day several of the women of the county volunteered their services, but have not reported since. It is urgent that we meet our quota in surgical dressings. These dressings are as important to the men in the armed service of our country, as the ammunition and equipment that they use. It is necessary that our doctors and nurses be equipped with sterile surgical dressings for the care of the wounded. The dressings that are made here in Hancock County may mean the saving of the life of one of the boys from this county.

It is absolutely necessary that sterile surgical dressings be used to prevent infections. We should not expect other sections of the country to do this for us. We should try to do our share.

May we appeal to the ladies in this county to come to the front and assist in this work, otherwise, it may become necessary that the dressings be returned to national headquarters of the American Red Cross, and we will then have to confess that we cannot do a job that has been allotted to us, which means so much for the welfare of the men and women in the service of their country.

The regular monthly meeting of St. Joseph Academy Parents Club was held at the Academy on Tuesday afternoon with Mrs. John A. Green, Jr. presiding and a nice attendance of members.

After the business meeting, Mother's Club was presented with a Christmas gift of a check for \$200.00 for which she expressed deep appreciation.

Mrs. Roger Bob, Chairman of Card Parties, reported the final results of the card party given at Hotel Reed recently as \$56.00.

Mrs. Stella Gex, Chairman of the making of Surgical Dressings, addressed the meeting and requested the members to give as much time as possible in assisting in getting the quota of surgical dressings out on schedule time.

At the close of the meeting, the ladies enjoyed a pleasant social hour with refreshments of home-made cookies and hot chocolate served by Mesdames T. M. Hendricks, and J. A. Green, Jr. who were hostesses for the meeting.

MILITARY POLICE

PVT. LESTER DESCHAMPS

Private Lester Deschamps is a member of the Military Police Detachment, United States Army Proving Grounds, Illinois.

He is the son of Mr. and Mrs. Joseph Deschamps of Standard Community and a brother of Mrs. Pat Garcia.

He spent a furlough recently with his family.

IN COAST GUARD

PETER C. FAUCETTA

Peter C. Faucetta, son of Mrs. John Faucetta of Bay St. Louis is with the United States Coast Guard and is stationed in New York City.

This able young man is remembered by many friends in Bay St. Louis prior to his entry into service. He was employed by the Gilmore Service Station and for several years before he dispensed gas at the Roper Service Station on the Old Spanish Trail.

Local Colored Boy Distinguishes Himself In Service

Corporal Roland Emile Collins, young colored man from Bay St. Louis, son of Arsenne Collins, who is at the present time stationed with a detachment of Engineers near Port Moresby, New Guinea, was one of five colored engineers who volunteered to help the Australians halt the advance of Japanese troops in the Owen Stanley Mountain area on September 16th.

The Japanese had entrenched themselves atop the Ioribaiwa ridge against pressure of Australian troops advancing northward. The Australians asked American troops in Port Moresby to lend them a 37 mm. anti-tank gun which might be placed closer to the Japanese lines than the artillery pieces. There were no American combat troops in Port Moresby, so they called upon the colored engineering unit to furnish the gun and crew. As the five soldiers approached the ridge they could hear occasional gun fire in the distance. However, by the time they reached their objective, the Japanese had been pushed back.

This boy is a member of one of the oldest colored families in Bay St. Louis, and the news of his act of bravery in volunteering his services to help destroy the Japanese, is receiving the commendation of the people of his home town. His mother is proud of him, and we sincerely hope that he will return to her unharmmed at the end of this war.

The Hancock County quota for War Bonds for the month of November was \$20,000.00. We lacked a bit in the month of October in meeting our quota. However, during the first fifteen days of the month of November there was sold \$11,350.00 of Bonds, which left a balance of \$8,650.00 to reach our goal for November.

November 23rd to November 29th was declared "Women of the War Week," and the women of Bay St. Louis and Hancock County set out with an excellently planned and full program for the week to put Hancock County over the top for its November quota in the sale of War Bonds.

Mrs. Marion Anderson was chairman of the committee in charge of the "Women of War Week" bond sales. Headquarters were opened next to the Beach Drug Store, with a group of school girls in charge of the sale of bonds and stamps.

In addition to this, the Bay-Waveland Garden Club sponsored a tea at Hotel Reed, on which occasion bonds and stamps totalling \$1,329.00 were sold.

Mrs. Anderson and her committee did a swell job, and can well be proud of their accomplishment. Hancock County over-sold its quota by \$5,343.35, the "Women at War Week" having netted a total sale of \$13,993.35, which amount was sold from the schools and the following agencies, to-wit:

St. Joseph Academy	\$ 25.00
Bay High School	105.90
St. Stanislaus	105.50
A. & C. Theater	2719.20
Peoples Federal Savings & Loan Assn.	4162.50
U. S. Postoffice	5546.25

which added to the bonds sold from November 1st to 15th, makes a grand total of \$25,343.35 for the county's quota for the month of November.

The War Savings Bond Committee of Hancock County is indebted to Mrs. Marion Anderson and to her committee and to the high school girls, who so willingly gave their time and effort in this cause. Accomplishments of this type are important factors in the winning of the war.

If you have not invested in War Bonds, do so. A drive is now taking place to increase the percentage of war bond investments above the 10 per cent income quota established at the beginning of the year. All should join together to help put Hancock County's December quota over.

ALVIN E. COX ADDED TO ECHO STAFF AS ADVERTISING MANAGER

Mr. Alvin E. Cox, prominent Bay St. Louis resident, has recently been added to the personnel of the Sea Coast Echo, in the capacity of advertising manager, succeeding Mr. Morris Conn, who was forced to resign his position due to illness.

Mr. Cox has been a traveling salesman for Eagle Stove Works of Rome, Georgia, for a good many years. He has not severed his connection with his company, but due to the curtailment of production and the rationing of gasoline he has found it impractical to travel his territory as heretofore, but handles his business entirely by mail.

He is active in the affairs of the County, and at the present time is Chief Air Raid Warden of the County and also Director of the Civilian Defense Volunteer Office.

The Echo staff is happy to have Mr. Cox with them, and we consider ourselves fortunate in securing his services.

Members Supreme Review Of W. B. A. Visit Bay St. Louis

Croy of Birmingham and Mrs. Fay Arguelles of Biloxi, visited the local Review No. 10 on Wednesday and Thursday of this week.

While here, Miss Partridge and Mesdames Croy and Arguelles were the guests of honor at the annual Christmas party given by members of the local review at the Girl Scout House on Second Street on Wednesday when Christmas gifts were brought by each member to assist the girl scouts in their collection of toys for poor children.

Party refreshments were served and each of the visiting guests were presented with a handsome gift.

TIME TO ACT

CONGRESSMAN Bill Colmer has charged that Price Administrator, Leon Henderson, has practically put the traveling salesman, who is an absolute necessity in rural States, out of business. He asserted that he had urged the administration six months ago to come out in the open and acquaint the people with the fact that our raw rubber supply had been cut off, and that if the war lasted for two or three years more we might be faced with the problem of not having sufficient rubber for our military, much less, our civil needs.

Many people realized that in time some stringent methods would have to be put in force to preserve the rubber supply; but as our congressman stated, there should not be a discrimination as to classes, who are forced to travel as a matter of necessity, and consideration should be given as to the locations.

Certainly, salesmen in the metropolitan areas of the country may not need an automobile and may not be entitled to additional gasoline; but those in the south and vast west, whose territory may take in several states, and where travel by train is practically an impossibility, should not be deprived of their one method of making a livelihood. Flexible regulations should be issued to take care of such cases.

"In States like Mississippi the traveling salesman is as essential as the merchant himself," continued Mr. Colmer. "My people are as patriotic as any segment of people in our great country. They are perfectly willing to suffer inconveniences and to sacrifice their own flesh and blood once they are convinced of the necessity thereof. But they dislike regimentation; they abhor subterfuge, they rebel at deceit. They want practical administration of the problems that face the country." A more direct and concise statement could not have been uttered.

The people of the South are truly patriotic and are willing to make any sacrifice to win this war. They want to be told what is necessary to be done, and will try their level best to meet the requirements.

We have come up the hard way, and rationing of articles of food and gasoline will not effect us; but we should be given actual facts about conditions. The confidence of our people should not be shaken with wild and confusing statements, nor should orders and directives pertaining to rationing be issued that will lend comfort to our enemies; making them feel that we are weak and not producing and in dire need of the necessities of life, giving to them an incentive to fight harder.

Mr. Henderson is due for some tough traveling. He is one of the boys who holds a job created and sustained by Congress, who believes that he is more powerful than the Congress; one, who we believe, would like to see Congress destroyed, and all the affairs of government placed in the hands of the Bureaucrats. He is one who believes that the "Tail should wag the dog." With the balance of power in Congress now in the hands of the conservative Democrats from the South, New Dealers of the type of Mr. Henderson, may as well put plenty of grease on their pants, to prevent the splinters from having any effect, for the trip out will be rough, unless they are wise enough to see the hand writing on the wall, and step out before the storm strikes. Some of our leaders in the South may feel that this is not the time to destroy the influence of men of this type, feeling that it may have an effect on national unity. We cannot agree with this theory. He and his kind is not hesitating to attempt to destroy the rights of our southern states to have laws governing the right of suffrage and to create discord among the races in the South, in order to perpetuate themselves in office. Little do they care whether the people of the country are united or not, as long as they can remain on the top rung of the ladder.

We hope that Bill will keep his red hair bristling and will remember the old Political adage "Drown the pups while the creek is high."

In taking care of the situation at this time, you will probably be saving your country from a calamity following the winning of this war.

REMEMBER DECEMBER 7TH, 1941

DECEMBER 7th. is a date that will live in the minds of the American people forever. The mere mention of this date will bring to the minds of the generations to come, the cowardly attack of the Japanese at Pearl Harbor, an attack which caused the loss of the lives of many of the stalwart men of our country.

Little did the people of this country ever dream that a civilized nation would strike in the manner that these yellow cowards did on that date. It has been hard for us to realize that we have other enemies with whom we are fighting. The whole desire of the American people has been to destroy Japan, to erase them from the face of the earth, in payment for the cowardly attack perpetrated on our boys at Pearl Harbor.

We who are on the home front should lend every assistance to the men and women who are on the fighting front. We should make every sacrifice that is necessary to be made. We should realize that wars cannot be fought without supplies and equipment. We should do our part by purchasing War Bonds until it hurts.

The South is considered one of the most patriotic sections of the country. It has probably given as many, or more men to the service than any other section of our great nation, but it is falling down, according to the latest Gallup poll, in the purchase of war bonds. This poll was conducted of a representative cross-section of the voting population. The results showed that 78% of the people who were contacted had purchased bonds, and that 22% had not. In the South the records showed 66% having bought bonds and 34% not buying.

We should not be satisfied to allow any section of the country to out-do us in what has become a patriotic duty. In our own state, South Mississippi has made its quota on each occasion, but the counties in the northern part of the state have lagged behind. To us, the purchase of war bonds should be the best investment that can be made. It lends financial assistance to our nation, and after all, if an investment in bonds of our country is not good, what else will be?

You may as well realize that if these bonds are not a good investment, your money will do you no good. Put your shoulders to the wheel and push. Help in every way effort, no matter how small the investment, or the effort. You must realize that all of these added together will do the job, and bear in mind that whatever effort or investment you lend, or make for this country is going to help to pay the debt to Hirohito and his cohorts for their cowardly act of December 7th, 1941.

Office Of Wage and Hour And Public Contract Division Ready To Supply Applications For Salary Adjustments Under Stabilization Program

Henry T. Chambers, Mississippi Supervising Inspector of the Wage and Hour and Public Contracts Divisions announced that his office is now ready to supply application blanks to employers of the State who wish to make adjustments of wages and salaries in conformity with the newly-established wage stabilization program.

Also, it was stated, copies of orders of the National War Labor Board covering various phases of rules and regulations dealing with operation of the program are now available.

The Wage and Hour and Public Contracts Divisions are serving as agents for the War Labor Board in the handling of inquiries and applications concerning the program. A State office of the Divisions is located at 404 Deposit Guaranty Building, Jackson, at which requests for information regarding the program are being received and assistance given to employers desiring to apply to the board for permission to adjust wages and salaries.

The regional office of the Division, in charge of Regional Director, Joseph C. Noah, is located at 1007 Comer Building, Birmingham, where assistance will also be given.

Chambers summarized the new wage program for the guidance of Mississippi employers in making wage and salary adjustments. All employers, both those engaged in intrastate commerce as well as interstate, in war work or non-war work, and those employing more than eight employees, that is, the total number of employees and not the number per plant, unit, or establishment, are affected.

The War Labor Board will have jurisdiction over all wages and salaries up to \$5,000 a year, except those in supervisory or professional capacities as defined in Regulations, Part 541, of the Wage and Hour Division regarding employees employed in a bona fide executive, administrative, or professional occupation.

Increases in wages or salaries may be granted if they are to correct maladjustments or inequalities, to eliminate standards of living, to correct inequities, or to aid in effective prosecution of the war.

Employers may grant individual wage and salary increases without Board approval if such increases are in accord with terms of a wage or salary agreement or wage or salary rate schedule provided one or more of the following conditions prevail: The increase must be the result of an individual promotion or reclassification; or it must be in accord with individual merit increases within established rate ranges; or the result of operation of an established plan of wage or salary increases based on length of service; or because of increased productivity or piece-work or incentive plans; or based upon operation of an apprentice or trainee system.

No price increases as a result of wage or salary raises are permitted, nor may employers use such raises to resist an otherwise justifiable reduction in their price ceilings.

Employers must not evade the intent of the program by hiring men workers at higher rates of pay. If new jobs are created, they must not, without Board approval, pay more than the wage rates prevailing for similar jobs in the same area.

Board approval is not needed for wage increases granted on or before October 3 and salary increases on or before October 27 if such increases were agreed to in writing or formally communicated to the employees concerned on or before those dates. Also, they must have applied to work done prior to those dates.

Board approval is necessary where collective bargaining agreements are made on or before October 3 providing for increases effective on subsequent dates.

It makes no difference if the wage or salary increases are made in war bonds or stamps, approval still must be obtained, and all bonuses, gifts, loans, fees and commissions are to be counted as wages and salaries when given as compensation for personal services.

Wages and salaries must not be decreased below the highest rate paid for the work between January 1 and September 15, 1942, without board approval. Approval may be given if such decreases are designed to correct gross inequities and aid in effective prosecution of the war.

Remembering Pearl Harbor -

Remember This, Boys--

WE'VE COME A LONG WAY!

It's no military secret that Pearl Harbor was a blow to America; but neither is it a military secret that this country has taken some long strides since December 7, 1941. What's that you say, Adolf, name three? We'll name nine without even batting an eyelash!

Take our armed forces, for instance . . . it wasn't long ago that ours was still a peacetime nation, and yet right now we have American Expeditionary Forces parked on every important Axis doorstep in the world. You know what we mean, Adolf . . . you've had a taste of their fury! Then there are the Solomon Islands, Hirohito! That's been quite a battle, hasn't it? Too bad your boys didn't have the training our Marines did. Wait a minute, chum, don't run out! Remember the battle of Midway Island and Coral Sea? 'Nuff said!

Sure, we know you have submarines, boys. But that hasn't stopped our getting aid to China, and lots of it! And we don't have to tell you what a gallant job our Allies have been doing, do we? Your countries are plenty patched up as a result of their fighting.

Say, Adolf . . . ever hear of the Commandos? You may not have had a formal introduction, but you've had some very unpleasant experiences with these supermen.

Point five in favor of the United Nations, and the score's mounting!

While we've been remembering Pearl Harbor, boys, we've been working, too. Building bombers . . . mighty flying fortresses that have bombed hell out of Europe. Or maybe you'd rather not be reminded. . .

Stop pouting, Benito . . . we aren't forgetting you! You've been having a little trouble fighting our tanks in Africa, haven't you? We'll promise you something else, too. You'll have lots more trouble before we're through!

And then there's Russia. What a magnificent fight our comrades have put up at Stalingrad! Poor Adolf . . . we'll bet you're sorry you ever started that "pushover."

Just one more thing, boys. Production is up in America . . . 'way up! You see, our civilians are working and plugging and supporting the war effort willingly. They're making tanks and planes and ships . . . rolling them off the assembly lines by the thousands. That's American production, boys, and that's the way we remember Pearl Harbor!

Sale or Rental of Typewriter Prohibited After December 1st.

Sale or rental of typewriters is prohibited on and after December 1, it was announced here today by J. D. Wise, State Rationing Officer.

Previously typewriters could be bought or rented on certificates issued by the Local War and Rationing Boards, but the new regulation orders the Local Boards to refuse to accept applications and to act on none after November 30, Mr. Wise explained.

This new restriction is made necessary because of the serious need of typewriters by the armed forces and war agencies.

CARD OF THANKS

We wish to express our sincere and heartfelt thanks to relatives, friends and neighbors for the kindness and sympathy shown us during the illness and death of our beloved husband and father, Ferdinand H. Egloff.

Special thanks to Rev. Father A. J. Gmelch, Pastor, and Rev. Father William Clark, Dr. Marion J. Wolfe and the Fahey Undertaking Company. Many thanks for the beautiful floral offerings.

WIFE AND CHILDREN.

ATTENTION!

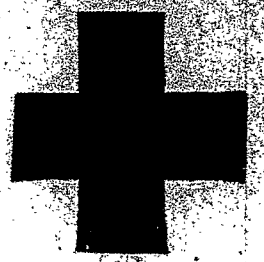

The Victory Girls have taken on a new task and will be knocking at your doors for a donation for the underprivileged children of our county. Be ready with your contribution because this is a worthy cause as our children should be remembered more at this Christmas than at any other. This war torn world may still have Santa Claus and the children must be made to know and feel that Santa is still here and will remember them. We can get rid of Hitler and Mussolini and we can wipe out Hirohito but we still may keep our Santa with our freedom.

So let FREEDOM ring out with your generous donation to make the children happy. Come to Christmas tree at Ortte's Theater and see what your gift has done for some child.

You can help too, children! Every Wednesday and Thursday you can go to the show at Ortte's for one toy—that's the price of admission—one toy. This need not be a new one but must be in good condition as the scouts are going to renovate these and repaint them so do not bring toys that are too badly damaged to repair.

The public will be notified as to the date and time of the tree and in the mean time don't forget to have your donation ready when you are called upon.

American

Red Cross

Miss Elsie Z. McKenzie, American Red Cross representative from the Eastern area visited the local Red Cross Chapter, to outline plans for the coming war fund drive. Miss McKenzie met with Mr. Lucien M. Gex, war fund chairman, Mr. Arthur Scaife, treasurer, Mrs. George Stevenson publicity and Mrs. Louis Maus, executive secretary.

There will be a meeting Friday in Hattiesburg to discuss this War Fund Drive which will be held in March.

The Staff Assistants Corps has finished the twenty hour course. A final examination on the course will be given Wednesday by Mrs. Leo W. Seal, Volunteer Service Chairman. Mrs. Frank Kiefer is chairman of the Staff Assistants Corps.

The Camp and Hospital Council will meet in Biloxi at two-thirty, Wednesday afternoon. The advisory board of the local Red Cross Chapter held its regular monthly meeting Thursday morning at ten o'clock.

Victory Girls Do Man Size Job

The people of Hancock County take this method of expressing their appreciation to the Victory Girls who filled the quota and over from November 15-30 in one week. It was a man sized job and these valiant civilians did the work with skill and efficiency of trained soldiers and the people are deeply grateful to them for their splendid work.

Mrs. Edward Anderson, Hancock county chairman Women's Committee of Bonds and Stamps Sales, personally expresses her appreciation to merchants, newspapers, Lieutenant Schnieder, Lieutenant-Commander Andrews, the schools, all organizations and the people of Hancock County for the cooperation and untiring efforts to make the drive the success it was and to make "Minute Woman at War Week" a week to go down as history for Hancock County. Hancock County has shown the "One for all and all for one" spirit in this great work as it has always done.

The Victory Girls who worked so untiringly were Misses Gail Bourgeois, Murli Kergosian, Alicia Rollins, Mary Lou Bourgeois, Beverly Davis, Shelby Weston, Jean Robin, Rosemary Rollins and Mrs. Elva Ladner.

STANISLAUS DANCE

The first dance of the season St. Stanislaus was given on Sunday evening when work was forgotten and the student body and guests danced away the hours of the evening.

The S. J. A. gym was gay with streamers and garlands of the school colors but true to the patriotic spirit of youth American flags were showing through the decorations.

Among the young ladies who were guests for the occasion were Misses Betty Lee Mitchell, Jeanne Garbled, Thais Garbled, Eleanor Brewer, Sallie Lee Adyott, Pat Davidson, Udell Favre, Alma Ruddock, Rosemary Dick, Betty Herlihy, Alicia Rollins, Ray Valrin, Margie Horlock, Sue Swan, Mary Frances Scaife, Joyce Arnold Beryl Bourgeois, Amelia Manieri, Ina Claire Smith, and Mrs. Elmer Breerwood.

The price of admission was a war stamp and these were later returned to the students as their own.

DIRECTOR OF O. P. A. ISSUES STATEMENT TO CLARIFY ORDER

Relative To Slaughtering
Of Cattle, Hogs, Etc.

Major W. E. Holcomb, State Director of the Office of Price Administration has issued a statement to help clarify the situation as to the slaughtering of cattle, calves, sheep, lambs and hogs. Much confusion has arisen in the minds of the people as to whether they will be allowed to slaughter these animals for their own use and for the market.

The Office of Price Administration has issued an order that any person slaughtering cattle, calves, sheep, lambs and hogs for the market must keep a record of all animals so slaughtered for delivery to another person. It is not necessary that permission be secured to slaughter these animals, but all that is necessary is that a record be kept. Where a person is slaughtering animals for the use of himself and his family, it is not necessary for him to secure permission nor to keep a record of these.

We have been asked on numerous occasions about the regulations governing the slaughtering of hogs. The only regulation that has been issued is the one mentioned above, other than that you are asked to limit your meat supply to 2 1/2 pounds per week per person for men, women and children over 12 years of age, 1 1/2 pounds per week to children from 6 to 12 years of age, and 3/4 pound per week for children under 6 years of age.

If you will take time out to figure the total amount of meat you can use under the voluntary rationing plan, you will readily realize that you are not being asked to do the impossible, nor to make much sacrifice.

Party For Colored Service Men

Tuesday, November 24th proved to be a gala night for the service men of the 894 Engineering Co., Avn., who were honored with a grand party at the St. Rose Recreation Center, War Service Project, under the leadership of Natalie Pier-nas, Lillian Raboteau and Genevieve Rieux. Dancing, games and refreshments were the main feature of the evening. The wives of the service men were included in the party. This affair was made possible through the courtesy of the leading business places and Victory Maids in the community. A series of social events have been given throughout the year for the Army boys in an effort to keep them happy and contented while in our midst. Anybody desiring to help in any way kindly get in touch with Nathalie Pier-nas, P. O. Box 22.

Congressional Sidelights by Congressman Wm. M. Colmer

Selective Service

A recent regulation adopted by the Selective Service System orders the deferment of all men who registered before they reached the age of 45 who have since passed their 45th birthdays. It also defers all farm workers who are considered necessary to and regularly engaged in war-essential agriculture, as well as all high school students in the 18-19 age class who are in the last half of their autumn-to-spring school year and who request deferment.

The President has ordered registration for Selective Service for all young men who have reached the age of 18 since July 1st, according to the following schedule: Youths born between July 1, 1924 and August 31, 1924 will register from December 11 through December 17th; youths born between September 1, 1924 and October 31, 1924 will register from December 18th through December 24th; youths born between November 1, 1924 and December 31, 1924 will register from December 26th through December 31st. After January 1 next all young men who reach the age of 18 will register on their birthdays.

When the President issued an order canceling deferments already made or to be made on the basis of Federal service, there was such a rush of Government employees to get into uniform, either through enlistment or by commissioning, that it was found necessary to rescind the order. The President did this by ordering the Secretaries of War and Navy to see to it that present Government employees who have heretofore been deferred are not enlisted or commissioned until such time as their cases can be looked into thoroughly and it can be determined that their positions are such that they can be replaced without injury to the civilian set-up of the Government. It is thought that it will take two to three months to make a thorough study of the matter to determine which government employees are really essential and should receive continued deferment from the draft.

The new manpower set-up which is soon to be completed is expected to provide not only for deferment but to prohibit the enlistment of men who are more urgently needed in war production than in the Army.

"Pay As You Go" Income Tax Plan

Millions of Americans will pay Federal income taxes for the first time commencing on March 15, 1943. The 77th Congress now in its closing weeks of almost continuous session, passed the largest tax bill in history, providing for payment of income taxes by low income earners who have heretofore been exempt. It will be difficult for a large number of these who will be required to pay taxes under the new law to pay the full amount at one time or in quarterly installments. A great part of these people who have not been accustomed to saving in advance of the date the income tax will fall due will find themselves without funds with which to meet their tax obligations to the Government. Beardsley Rumel, a member of the Federal Reserve Bank Board of New York City, has devised a plan known as the "pay as you go" system of taxation in which a person would commit himself at the beginning of the year as to the amount of money he expected to earn during the year and would pay taxes throughout that year accordingly. Under the Rumel Plan, at the end of the year the taxpayer and the government would determine whether an additional sum of money was due the government or whether the taxpayer was entitled to a rebate. Those taxpayers who draw salaries could estimate very easily the amount they expect to earn during any particular year and upon drawing their monthly or bi-monthly salaries could in turn pay the portionate part due the Collector of Internal Revenue for that period of time.

Letters From The Boys In Service

From John J. McDonald, United States Naval Air Station, Corpus Christi, Texas, we quote only a portion of his letter:

"As far back as I can remember the Echo has been one of my weekly sources of information. While attending prep school in Tennessee during my early years it was sent to me regularly, so needless to say, now that I am away from home at an older age with more interest in local events and particularly since I am extremely anxious to hear and read of the whereabouts of all the other Bay boys, the weekly arrival of the Echo is looked forward to with great anxiety. I want to not only thank you, Red, for sending it to me, but also say that you are doing a fine piece of work in helping to keep up the morale of the boys scattered far and near.

Again assuring you of my sincere appreciation, and with every good wish for you, your family and the boys who really do the work in putting out the Echo, I remain,

Sincerely,
John.

From Pvt. Lionel T. Bordages, Co. A, 314 Medical Battalion, A. P. O., 89 Division, Camp Carson Colorado:

Dear Mr. Favre:
I received the Sea Coast Echo during my basic training at Camp Barkley Texas. I assure you that we all enjoy reading it, as we all like to know what is going on in Hancock County.

Will you please change my address to Camp Carson, Colo.

The Medical Detachment is a fine outfit. I really like the work we have to do. We just came in off a thirty mile hike, which isn't considered much.

Thanking you again, I am
Sincerely yours,
L. T. Bordages.

From Warren Sick, U. S. C. G. R. Seaman 2nd Class, 3rd Floor, Ward C, U. S. Marine Hospital New Orleans, La.

Dear Mr. Favre:
I am taking this opportunity to

thank you and the entire personnel of the Echo for sending me the paper. You just can't realize how much we enjoy reading the news from home, and it surely builds up the morale of the boys.

With best wishes for continued success for you and your force, and extending the Season's Greeting to all, I remain

Your good friend,
Warren Sick.

From Pvt. Ralph C. Dawsey, 989 M. P. Co., Lockbourne, Air Base, Columbus, Ohio.

Dear Red:
I do not have much time in which to write but missed getting the paper this week and would like for you to know, so that you can see that I get it.

We just got in from a big parade. Please see that I get the paper, and thank you very much.

Yours very truly,
Pvt. Ralph C. Dawsey.

Waveland News

THE pecan crop of Waveland seems shorter than in former years, notwithstanding prices were far better enabling folks to meet their taxes and other expenses.

A large group of visitors came over last week and seemingly before "gas rationing" went into effect. It was indeed a busy day here on Monday, November 30 for the filling stations. "Car tanks" were given their last filling for some time. Many took advantage of this.

Mr. and Mrs. E. N. Spence of Waveland Boulevard are making a business trip to New York and expect to be gone for a few weeks. Arriving home from Alabama on Saturday where they visited their son, Jack, who attends school there.

James Tucker, Former Waveland Barber Expires in New Orleans.

Funeral services for James Tucker, 71 years, were held from the Protestant Home for the aged 5919 Magazine street on Sunday, November 29th, at 1:30 o'clock P. M.

Mr. Tucker resided on Coleman avenue for a number of years operating a barber's salon. News of his death was indeed a shock to the community as he came over from the city to vote for the last election of November 17, apparently in the best of health. His wife, Wilhelmina Schenemann died a few years ago. Surviving him are two daughters and a son, Mrs. D. J. Daniels, Mrs. Walter Sadler and Ralph J. Tucker. Interment was in St. Roch cemetery No. 1.

The condition of Mr. John Boudages has somewhat improved. Recently suffering from an attack of a cold.

Pvt. and Mrs. Earl Fricke are expected to be home for Christmas from Watertown, N. Y. Mrs. Fricke was the former Yvonne Heley.

Mary Claire Zimmerman our former postmistress' assistant is now employed in Gulfport, Miss., as clerk and typist, in the Naval Base there.

Mr. and Mrs. Sauer motored to New Orleans on Monday.

Mr. and Mrs. Herbert Bernard came for a few days, preparing to remain here. Mr. and Mrs. Anthony Gulotta were to accompany them but Mrs. Gulotta met with an accident. It seems a wharf board broke as she stepped from a boat. Both limbs were injured, confining her to bed.

Week Enders

Mr. and Mrs. Henry Rice were visitors with Mrs. Mabel Persons of 806 Broad Street. Mr. and Mrs. Mike Pierpont and little son at their home on Wood street. They purchased the Ulmer home.

News comes from Touro Infirmary that John Fayard has had another operation for a foot ailment. Mr. Fayard was the victim of an accident, being struck by an auto while walking on the sidewalk in New Orleans. He was on his way to work.

Pvt. Paul Bourgeois is now stationed at Camp Gruber, Okla. A photo was received by his parents Mr. and Mrs. Harry Bourgeois who were thrilled over his improvement.

Mrs. Ernest Bourgeois is back home again from Hotel Dieu having recuperated from a recent illness.

Something unusual is the shooting of a pair of "wild geese" and ducks by Mr. Roxhead of St. Charles and Beach Boulevard of Bay St. Louis, Miss. This incident occurred near the Edwardsville Fishing Camp.

Mr. and Mrs. Paul Henley from Balboa, Canal Zone, will arrive by plane for Christmas holidays. Mr. Henley is now employed in the Army Base there.

Mr. M. M. Bremer Expires

Mr. M. M. Bremer expired at his home on Hillcrest avenue. Mr. Bremer was suddenly stricken while conversing with his wife in a jovial manner. Mr. and Mrs. Bremer have resided here for a number of years, winning the affection of many friends. Deepest sympathy to Mrs. Bremer.

PRIMARILY Mississippi is rural. In the terms of her predominating farm population she is the most agricultural state in the Union. Because of this, it was fitting that Claude R. Wickard, United States Secretary of Agriculture, should have launched America's Thanksgiving and FOOD FOR FREEDOM program in a Mississippi village in October.

Food is as essential to victory as ships, tanks, planes, and guns, and those who plow, sow and reap are as vital to victory as those who labor in a munitions plant.

As we glorify men on assembly lines, have we not overlooked the task that the teeming millions of men, women and children perform, who till our fields and toil on farms? Are we not as much the granary as we are the arsenal of democracy?

We have much to be thankful for in an abundant harvest, and in the patriotism and productivity of Mississippians who contribute so much to the nation's colossal effort to feed and clothe the men who fight for freedom.
